Precious! ——

Was more than pleased to get your letter this morning - for I started for the dispensary as for a funeral march — just as happy, I ask, has I hates to go back! Mr. Swallow and all were so pleased to see me that I began to feel that I must have been to Europe for at least a year.

Honey, it sure does seem as though that time passes a hoo-doo, doesn't it? Yet I don't wonder that you had trouble falling asleep. Its luck is enough to wake the dead. I try putting it under the mattress — that ought to muffle it. But, I sure am sorry that you didn't have a good night rest.

Well close now with all my love to my sweetheart

Lovingly, Frances.
